

The Ultimate **Hot** & **Cold** Therapy Solution

Experience the best in-home wellness with the CONTRAST8 Therapy Tub, which stands out among other cold plunge tubs. Designed for ultimate relaxation and recovery, this tub seamlessly integrates hot and cold-water therapy in one stylish and functional unit. It is perfect for athletes, wellness enthusiasts, and anyone seeking a high-quality therapy experience at home.

Dual Temperature Control for Cold Water Immersion

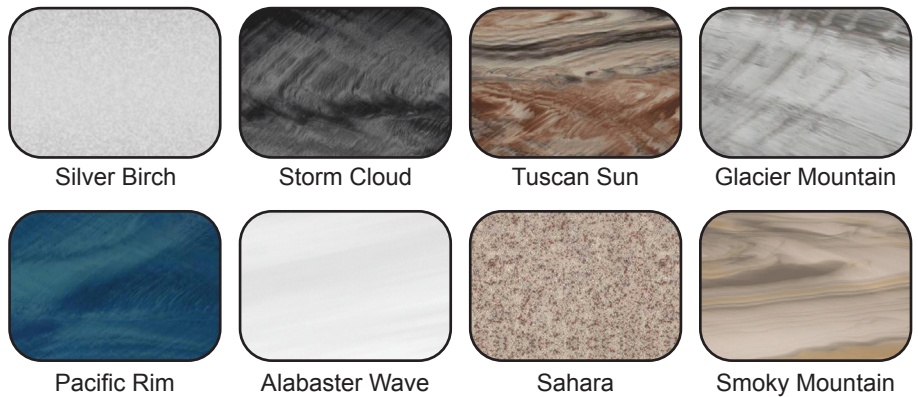

Advanced Heating System: Achieve relaxing temperatures up to 104°F for stress relief and muscle relaxation. The use of hot water in contrast baths involves alternating immersion in hot and cold water, which can increase intramuscular perfusion and oxygenation levels.

Efficient Cooling System: Drop temperatures to 39°F to reduce inflammation and promote recovery. Cold exposure can also increase metabolism, aid in weight loss, relieve muscle soreness, boost the immune system, and provide an energy boost. Additionally, it strengthens hair and skin.

SEATING	2-3 Adults
DIMENSIONS	92" x 92" x 37 3/4"
DRY WEIGHT	1200 lbs
WATER CAPACITY	525 - 550 gallons
HYDROTHERAPY JETS	28 Graphite Gray Jets
DIGITAL CONTROLS	2-Top Side control with digital readout
LIGHTING	2 - Underwater 4" LED Lights
SHELL	ABS backed Acrylic Shell with Acrylobond substructure.
SURROUND CABINET	Highwood: Gray, Brown, Mahogany or Tan
INSULATION	Five Stage Arctic Seal
ELECTRICAL	220 volt 50 amp
PUMPS	4 Horsepower Jet Pump. 2 - 1/15 horsepower circulation pumps. Clim8zone II Mini Heat Pump: 4KW Heats & Cools with quiet variable speed fan. Functions down to 40 degrees
HEATER	5.5kw, stainless steel, with flow through housing.
FILTER	50 square foot with telescopic filter basket.
OZONATOR	Ozone water purification system, corona discharge standard.
WARRANTY	5 year shell. 3 year no fault.
COVER	UL Approved Safety Cover
